

COMMON GROUND HEALTHCARE COOPERATIVE

OUR STORY

Common Ground Healthcare Cooperative (CGHC) is a non-profit, member-governed health insurance cooperative. We were founded in 2014 by a group of passionate, like-minded community leaders who wanted a better health insurance solution that serviced people above everything else. Since inception, we have been the health insurance solution for thousands of individuals, families, and small businesses in eastern Wisconsin.

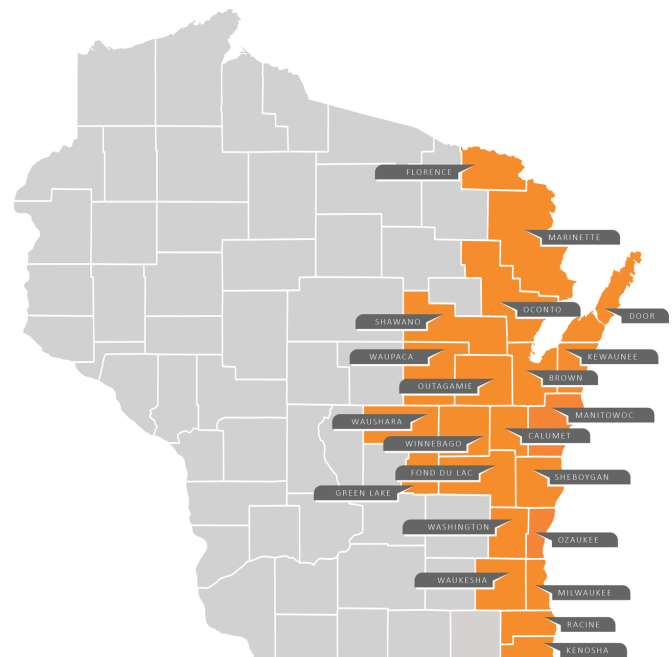

As a cooperative, CGHC is governed by a Board of Directors, nominated and elected by our members. The members of the Board are all CGHC members as well, which helps to ensure that cooperative decisions are based on what the members want and need. CGHC was created as and remains a values based organization, prioritizing advocacy, partnership, and innovation. We prioritize member education and hope our members understand their plan benefits and how to utilize them. We collaborate with members frequently and strive to educate in a way that makes sense. We value transparency, member feedback, quality insurance coverage, and customer service. We are making health insurance an honest business.
