Prior Authorization Short List

*This list contains frequently requested services that require prior authorization; it is not the full list. Other services may require prior authorization that are not included below.*

Additional information about Common Ground Healthcare Cooperative’s Prior Authorization requirements can be found in your Certificate of Coverage.

In-network providers have access to the entire list of services and codes that require Prior Authorization on the CGHC website, Provider Resources and Training.

- **Behavioral Health** – Including Alcohol & Chemical Dependency Services: Inpatient, Residential, Partial Hospitalization
- **Cardiovascular Imaging Studies** – Including Echocardiography, Electrophysiology Studies and other Specialized Cardiac Nuclear Imaging or Similar Studies
- **Routine Care Associated with Clinical Trials**
- **Certain Durable Medical Equipment (DME) Items** – Including but not limited to certain assistive devices, wheelchairs, scooters or similar power mobility devices, hospital beds, specialized support surfaces such as air-fluidized beds, infusion pumps, medical supplies to administer medications, and certain other durable medical equipment and supplies
