

# Adult Vision Exam, Preventive Dental, and Allergy Testing\* Benefits

With select Individual & Family Plans you have the option to add on Adult Vision Exam, Preventive Dental, and Allergy Testing\* Benefits.

## On Exchange:

- **Base Plans + Adult Vision Exam** (added premium)
- **Base Plans + Adult Vision Exam & Preventive Dental** (added premium)

\* Allergy Benefits are not available with On-Exchange plans

## Off-Exchange:

- **Base Plans + Adult Vision Exam & Allergy Testing** (benefits are built in)
- **Base Plans + Adult Vision Exam, Allergy Testing & Preventive Dental** (small premium increase for the Preventive Dental)

For Common Ground Healthcare Cooperative plans purchased off-exchange, Allergy Testing is a covered service when there is a medical need to find out what substances/allergens cause a person to have an allergic reaction. Allergy testing methods could consist of a nasal swab or blood test, as well as a scratch, puncture, prick, patch, inhalation, or ingestion of an antigen. Common allergies are environmental, food, and asthma related.

For plans with Allergy Testing, costs are applied to the member's deductible and/or coinsurance. As with other covered services, prior authorization (PA) may be needed, depending on the method of testing.

## Preventive Dental:

Covered Services per plan year:

- **2 preventive exams**
- **2 Cleanings**
- **X-Rays** (one full mouth, one bitewing)
- **Fluoride** (Up to age 14)
- **Sealants** (Up to age 14, permanent molars only)

Preventive dental benefits are available for both on- and off-exchange plans in the following counties: Milwaukee, Kenosha, Racine, Ozaukee, Washington, and Waukesha.

## Adult Vision Exam

Covered services if selected.

- **1 adult annual routine vision exam**
- **Does not include refraction.**

Covered Services are paid at 100% on plans that include an Adult Vision Exam or Adult Vision Exam & Preventive Dental
