RISE NETWORK PROVIDER DIRECTORY 2024

INTRODUCTION TO THIS DIRECTORY

Welcome to Common Ground Healthcare Cooperative (CGHC). We are a nonprofit cooperative dedicated to our members. We are proud to offer solutions to small businesses, nonprofits, individuals, and families across eastern Wisconsin.

Our Rise EPO network is sold exclusively to small employer groups who reside in six* Wisconsin counties. The Rise network includes all of our Envision network health systems and providers, plus Ascension Wisconsin providers! With Rise, employees have coverage in the following eastern Wisconsin counties:

Brown	Fond du Lac	Kewaunee	Oconto	Shawano	Waukesha*
Calumet	Green Lake	Manitowoc	Outagamie	Sheboygan	Waupaca
Dodge	Jefferson	Marinette	Ozaukee*	Walworth	Waushara
Door	Kenosha*	Milwaukee*	Racine*	Washington*	Winnebago

All CGHC plans are Exclusive Provider Organization (EPO) plans. That means services are covered only when you use in-network providers (except in an emergency). For details about how to obtain out-of-network services through the EPO referral process, visit our website:

<https://CommonGroundHealthcare.org/FAQ>

All CGHC plans cover 10 essential health benefits required by the Affordable Care Act (ACA):

1. Ambulatory patient services (outpatient care you get without being admitted to a hospital).
2. Emergency care benefits for a serious or life-threatening condition.
3. Hospitalization (like surgery and overnight stays).
4. Pregnancy, maternity, and newborn care (both before and after birth).
5. Mental health and substance use disorder services. This includes behavioral health treatment, counseling, and psychotherapy.
6. Prescription drugs.
7. Rehabilitative and habilitative services and devices. This includes services and devices to help people with injuries, disabilities, or chronic conditions gain or recover mental and physical skills.
8. Laboratory services.
9. Preventive and wellness services, and chronic disease management.
10. Pediatric services, including oral and vision care.
(note: adult dental and vision coverage aren't essential health benefits)

In Network

- **CGHC has contracted with these providers to deliver services at agreed-upon rates.** Network providers will never bill more than the contracted rate for a covered service.
- **No referral needed to see a specialist who is in our network.** You may see a specialist any time for a specific health concern that requires specialized treatment.
- **Our network providers each offer their own telehealth and virtual healthcare options.** This offers flexibility and convenience when members travel outside of our service area – or anytime! Learn more on our website at <https://CommonGroundHealthcare.org/Where-to-go-for-Care/>.
- **Details about coverage for dependent full-time students can be found on our website at <https://CommonGroundHealthcare.org/Coverage-Details/>.** Please review the *Certificate of Coverage*.

Out of Network

- **Any provider who doesn't have a network contract with CGHC is out of network.**
- **Non-emergency care received from an out-of-network provider will not be paid by CGHC.** You will be responsible for the full amount charged.
- **Emergency care received out-of-network will be covered as if the provider were in network.** The same cost-sharing will apply. For urgent care, the same is true when travelling outside your plan's service area. Review the *Certificate of Coverage* online at: <https://CommonGroundHealthcare.org/Coverage-Details>.
- **Out-of-network providers who provide care at an in-network facility cannot balance bill you for covered ancillary services** (such as imaging or lab work).
- **Emergency care and air ambulance services also cannot be balance billed.**

CHOOSE THE RIGHT CARE TO MAXIMIZE YOUR BENEFITS

Many care options are available to members. Each will deliver a different experience in terms of care received, cost, and necessity. Knowing the difference will help you control out-of-pocket costs.

	SCHEDULED VISIT	UNSCHEDULED VISIT
HIGHER OUT OF POCKET	SPECIALIST Chronic, exploratory, or specialized care	EMERGENCY CARE Immediate non-routine healthcare for a serious or life-threatening illness or injury
LOWER OUT OF POCKET	PRIMARY CARE Routine care for common medical conditions; Annual Preventive care	URGENT CARE Same day, non-routine healthcare for acute, non-life-threatening conditions.
	Lower Out-of-Pocket Cost	Higher Out-of-Pocket Cost

Do you need fast treatment for a basic medical concern? Try our online Virtuwel clinic, or a walk-in "Quick Care" or "Fast Care" clinic in retail pharmacies and supermarkets. Many providers also offer Telehealth/ Virtual Visit healthcare options that allow flexibility wherever you happen to be! Learn more on our website: <https://CommonGroundHealthcare.org/Where-To-Go-For-Care>.

Do I Need To Find A Primary Care Physician (PCP)? You do not need to choose a PCP; however, a PCP can help you navigate the healthcare system. We recommend that you receive preventive care services from a PCP. They typically practice general, internal, family, or geriatric medicine. Some are pediatricians and OB/GYNs.

PREVENTIVE CARE

ACA REQUIRED PREVENTIVE CARE No (\$0) Out-of-Pocket Cost	DIAGNOSTIC CARE Out-of-Pocket Cost Share Applies
Preventive care applies when you are symptom free and have no reason to believe you might be unhealthy. <ul style="list-style-type: none"> • Often part of a routine physical or checkup. • Limited to specific services, screening tests, and medications. • Must be received from in-network providers. 	Diagnostic care applies when you have symptoms or risk factors that your doctor uses to diagnose a condition. <ul style="list-style-type: none"> • May be recommended as part of a routine physical or checkup. • Can include any test, even follow up mammograms or colonoscopies.

Understand the difference between “preventive care” (services covered by CGHC at no cost to you) and “diagnostic care” (services that you or your doctor may consider preventive).

Preventive care services are defined under the Affordable Care Act (ACA). They focus on avoiding disease and evaluating a person’s current health. Examples include annual well visits, most immunizations, and screening tests (such as mammograms.) Preventive care is covered at 100% when received from an in-network provider and billed appropriately.

Coverage for preventive care applies to specific medical services. You can view a list of no-cost preventive care services on our website at <https://CommonGroundHealthcare.org/Coverage-Details>.

When scheduling an appointment, tell them you want to receive “free preventive care screenings.”

PRIOR AUTHORIZATION – REQUIRED FOR ALL CGHC HEALTH PLANS

Prior authorization is the practice of getting certain medical services approved by CGHC before receiving treatment. This gives us advance notice of certain claims. It also serves as a checks-and-balances system to ensure the planned care is medically necessary. Certain medical services, drugs, and equipment require written prior authorization by CGHC before your benefits apply. For details, review the *Certificate of Coverage* online at <https://CommonGroundHealthcare.org/Coverage-Details>.

Talk to your provider about prior authorization whenever a medical service is recommended. All in-network providers should be aware that prior authorization must be obtained in writing before they provide certain services to you. Financial penalties apply if written approval is not obtained. **Please allow up to 14 days for processing.** To check the status of a prior authorization request, call Member Services.

Each authorization is specific to the provider, service(s), and period of time identified. If more care is needed, your provider must submit a new prior authorization request. Learn about prior authorization on our website at: <https://CommonGroundHealthcare.org/Coverage-Details/>

For urgent or emergency admission to a hospital, prior authorization needs to be obtained the next business day after admission.

PRESCRIPTION DRUG COVERAGE

The list of covered medications is called a “*formulary*.” Review the drug list with your doctor to ensure the medications prescribed are covered. This will help you receive the most cost-effective treatment.

If you see letters next to the drug, take note.

- **PA** means the prescription requires **Prior Authorization**. Your doctor needs to submit a prior authorization request online. Please allow up to 14 days for processing.
- **ST** means the drug is subject to **Step Therapy** requirements. You need to try other medications before the drug will be covered.
- **QL** means the drug has **Quantity Limits**. Approval is needed for any quantity of the medication that exceeds the limit.

You can find a network pharmacy near you, view the list of covered drugs (formulary), and learn more about prescription drug coverage, on our website at: <https://CommonGroundHealthcare.org/Formulary>.

Home Delivery (mail order) saves you money on certain long-term medications. CGHC offers 90-day fills of certain long-term use medications for only two (2) copays. Sign up at: www.OptumRx.com.

MORE ABOUT THE PROVIDER DIRECTORY

Inclusion in the directory is not an endorsement. CGHC selects providers based on access and availability for our members. We believe the quality and services provided to our members align with CGHC core values. Periodically, we evaluate these providers on how well they align with our mission: *Putting Members First. Pursuing Better Healthcare.*

CGHC updates the provider directory as often as details are received from the providers. That means changes may be made daily. This directory could contain errors if providers do not give us current information. **To see the most up-to-date directory, use our provider search tool at: <https://CommonGroundHealthcare.org/Find-a-Doctor-employees/>.** Or contact Member Services at 877.514.2442. Ask them to verify that the provider you selected is in network.

Definitions you should know:

- **Accepting new patients.** This means the provider is able to offer care to a patient who has not received services from the provider or medical group in the past.
- **Board certification.**** This is the process by which a doctor is approved to practice in a specialty field. The provider must complete the testing and other requirements to become board certified. You can check a provider's current board certification online at www.CertificationMatters.org. Click the button "is my doctor board certified."
- **Hospital accreditation status.**** Proof that a hospital meets certain quality standards. An outside group decides this through an official review.
- **Hospital affiliations.** The doctor has admitting privileges at the listed hospital. This "affiliation" allows the doctor to provide healthcare services within that hospital.
- **Languages spoken by the physician or clinical staff.** The language(s) the doctor or clinical staff speak (in addition to English).
- **Specialty.**** Expert medical training the doctor received to treat specific conditions or health problems.

**CGHC verifies this information at least every three years. We do this as part of our provider credentialing process.
